OCTOBER MINING DEVELOPMENT ISSUE

Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 10, No. 98. The County Seat Paper NEVADA CITY, CALIFORNIA The Gold Center FRIDAY, OCTOBER 23, 1936.

The Nevada City Nugget helps your city and county to grow in population and prosperity. By subscribing to, and advertising in the Nugget, therefore, you help yourself.

Thinking Out Loud

H. M. L.

We note with surprise that Democratic campaigners are sneering at Landon's declaration that if elected he will continue some of the Roosevelt relief measures, minus their extravagance and waste. How silly it would be on the part of a great political party and its leaders, not to learn something day by day. To deny the Republicans a measure of good sense, the ability to learn even from their political adversaries, would be to stultify the whole system of representative government. We commend to our readers the reasoned and reasonable editorials of David Lawrence on this subject.

On the historical side we have had since, the Civil War, only three Democratic presidents, Cleveland, Wilson and Roosevelt. The first was as solid and as substantial a conservative as ever lived in the White House. Wilson however was an idealist whose name will endure long in world annals. The world is still in turmoil largely as a result of his idealism.

On the practical side, and our own side of the Atlantic the United States is still some 20 billons of dollars in debt as a result of his idealism. He was elected President for the second term with the slogan "he kept us out of the war." This writer voted for him because of his faith that under Wilson's guidance, this country would continue neutral. It was too much to expect, undoubtedly. Idealism, "a war to make democracy safe," flamed high not only throughout this, but in every country with a democratic government. Wilson's idealism again influenced the shaping of the Versailles treaty, but clashed with Tiger Clemenceau, whose feet were very much on the ground. The result was a compromise which sewed the world with dragons teeth.

Today at any hour, war of world wide proportions may open. It was perhaps a miracle it did not come with the Ethiopian conquest. It threatens every moment that the civil war in Spain continues. The question that faces the United States then is whether we shall be best able to withstand world pressure to enter into another world conflict with another idealist in the White House. And Roosevelt is an idealist, not of the old Jeffersonian type, such as Wilson was, but the new streamlined idealist who seeks by swift action and careless methods to make over this country in four short years into a strange hybrid, communism crossed on fascism. Idealism may provide a goal to work toward through the slow moving years, but to sneer at the nation's balance wheel, the Supreme Court, to order Congress to pass a bill, vital to the lives of 125,000,000 people, without reference to its constitutionality, to put visionaries, such as Tugwell, Wallace, and yes, the blustering picturesque Gen. Hugh Johnson, in high administrative posts, is it in the hands of such a man that the nation wishes to place its destiny during the next world war?

No we hardly think so. We have come to regard President Roosevelt as warm hearted, highly intelligent, socialistic dillitante. We doubt if he even realizes that his course inevitably heads us toward a dictatorship. Whether that dictatorship be communistic or fascist, is not worth an argument. In either event, the people lost their liberty, the press its freedom, and spies invest the land to jail those who dare express sentiments contrary to the "all highest." War under our own Constitution, makes the President of the United States a dictator. Is Roosevelt the man to trust in that post?

It is not so much the waste, the use of relief money to build up a vicious national political machine, such as New York's Tammany, or even the many promises that our President has made and broken with monotonous regularity, that most influences this writer. It is the dangerous trend, the menace his actions hold for this country. His pressure on Congress to do his will and not the people's will, his choice of weak, sycophantic visionaries to spend the billions that have been spent and wasted, billions that have imposed pauperism on millions of Americans, which makes them ready fuel for any communistic conflagration. These, by and large, are the things we hold too hazardous to trifle with and certainly too hazardous to continue with.

We need a practical man, who knows his people, who has sweated and worked shoulder to shoulder with common laborrers, who, perhaps has never voyaged on the Nourmahal, who was not born with a silver spoon in his mouth, who did not inherit a great fortune, but who plodded up from the ranks one step at a time, until today he is the candidate of Abe Lincoln's party for President of the United States.

We are confident now of Landon's election. Our main reliance of course in making this forecast is the Literary Digest. It has not failed us yet. It shows on October 16, 31 states polling a majority for Landon. We can give over a few states to the New Dealers and still win handsomely. The Sacramento Bee undertakes to prove by the Digest's own figures that Roosevelt will be elected. By the same process of reasoning the Bee editor could take a Literary Digest of October, 1932, and prove that Hoover would be re-elected.

Advertising Pays, Say Nevada City Merchants

A number of business men of Nevada City have been asked: "How Advertising Built Up Your Business?" The following replies were received and give a splendid idea of how the successful business man feels in regard to telling the public of his business, trade or profession:

DAVE RICHARDS—Through consistent advertising in the newspapers of the district over a period of many years I consider I have built up my business, the Keystone Meat Market very substantnally. My aim has been to serve the choicest cuts of meat with most efficient service. My advertisement has appeared in the Nugget ever since it started about ten years ago.

DICKERMAN'S — It has been found consistent advertising and keeping the name of one of the oldest firms, 'Dickerman's Drug Store,' before the public is a great help. This drug store has advertised in the Nugget for many years.

OSCAR ODEGAARD — "I have always been a firm believer in newspaper advertising," said Oscar Odegaard, manager of the Nevada County Lumber Company. "And a means of keeping the name of your organization before people, the press has no equal for inexpensive coverage to the buying public. People who are not newspaper readers are not likely to be very good buyers of anything beyond the bare necessities of life. The consistent week by week placing of your name before the public in newspaper advertising puts your potential customer in the frame of mind to consult you when he needs your merchandise. It also makes it possible for you to call his attention to anything in the line of special merchandise or special prices on regular merchandise that you may have for sale from time to time. The cost of these personal messages to your customers is less "via the newspaper route' by far than by any other method and if your 'ads.' are snappy and interesting, results will be satisfactory to your customer and to your business".

MRS. CHAS. WYANT—When asked "How advertising built up business," answered as she hurried here and there attending to many things at once, in her spic and span Shamrock Cafe, "we have found advertising does help our business."

F. F. CASSIDY—"The policy of Alpha Stores Ltd., has always been consistently to advertise in the local newspapers. The name plate, Alpha Stores, Ltd., can be found in the earliest editions of the Nugget. Other newspapers of the county

(Continued on Page Five)

BOY SCOUTS TO TAKE LEASE OF SEAMAN'S LODGE

At a joint meeting of the building committee of the Boy Scout Council, the Park Commission and the City Council last evening, a preliminary agreement was made that the Boy Scouts, the Campfire Girls and the Scout Cubs should take over Seaman's Lodge on a ten year lease.

The Scout Council preferred to do this than to undertake to erect a log lodge for the three youth organizations with the money now in the scout treasury. In stating the proposal, Horace A. Curnow, president of the Scout Council said that with the $800 which the council now has it could add a kitchen to Seaman's lodge and such other improvements as may be necessary, which would provide not only a more comfortable and better meeting place for the Scouts, but also make a more desirable place for all civic bodies or private individuals who wished to use the hall.

As regards the care and use of the lodge he stated that the Scout council would be responsible for its care, and that the scout use of the hall would not be such as to preclude its use by other organizations or individuals.

Verne Gleason, Scout master, explained that unless something were done for the housing of the Scouts and the Cubs, very soon, the organization were likely to disintegrate. The difficulty the scouts have had for many years in finding a suitable meeting place has retarded the growth of the movement in Nevada City. He stated that there are now 65 scouts enrolled in the troop and that the formation of another troop was very necessary for the welfare of the organization.

SCOUTS PREPARE FOR SNOW SPORT

That winter snow sports are popular with the Tahoe scouts is shown by the fact that only three dates remain open for reservations of the Camp Pahatsi by local troops for the period from Christmas to the end of March. Last year 350 scouts and leaders took advantage of overnight trips to Pahatsi to enjoy skiing. From present indications it appears this record for winter use of the lodge will be broken.

Not only is Pahatsi enjoyed by Tahoe scouts and leaders but it is rapidly becoming known and appreciated by scouts of other councils of northern California for it is visited by scouts from San Francisco, Oakland, Alameda, Marin county and Petaluma.

To provide the best possible facilities for winter camping in the lodge the camp committee under the direction of Cabp Chairman L. H. H. Reynolds, is making every effort to complete before snowfall a lighting system for the lodge and telephone connection. This coming week end work parties are going to camp from Nevada City, Penryn, Roseville and Auburn in the effort to complete all work necessary. Each community has been asked to have men go to camp and they in turn are asking parents and others interested in scouting to give a day to finish this work.

TOWNSEND CLUB IN MEMBERSHIP DRIVE

An important meeting of the Nevada City Townsend Club to which all friends as well as critics of the plan were invited was held last night at 8 o'clock in the Odd Fellows hall. Present membership cards are void after November first and a plea for renewal by all members was made by club heads. Important issues relating to the plan and discussion and consideration of business occupied the attention of the meeting.

ANNOUNCEMENT

Miss Sally Sawyer of Grass Valley has joined the staff of the Nevada City Nugget. She occupies the post of assistant to the publisher. Most of her duties will be concerned with the Nugget's advertising service.

Miss Sawyer graduated from the University of California in June and brings to the Nugget an unusual talent in designing advertising to meet the needs of advertisers and an understanding of their problems. She is the daughter of H. A. Sawyer in charge of educational work among CCC boys in this region.

SHORT SHIFT FOR GAMBLERS IN LOS ANGELES

City officials, taking advantage of the fact that Sheriff Eugene Biscauliz of Los Angeles county was here Sunday to attend the Native Sons ceremony of dedicating memorial plaques, asked him how he handled such items of glaring disregard of the law as was exemplified here Saturday evening when Chief of Police Garfield Robson closed up an electric roulette wheel game.

"Well," said Biscailuz, "we have no trouble at all. We send around a deputy sheriff and close 'em up, arrest the operator, and when they have been duly convicted of gambling, we send around a truck clean out all the paraghernalia and destroy it."

"But," said the city official, "what do you do when your jury acquits them, or fails to agree?"

"Oh, we arrest them the moment they start running again, and keep on arresting them, until we do get a jury that convicts them. Then we destroy all the equipment. We don't have much trouble of that kind in Los Angeles.

"A deputy sheriff strolling along the street saw one of these gamblers unloading his furniture into a vacant store, and said to the owner: "What are you doing? Don't you know that you won't be allowed to run an hour after you open up?" That bird was one of the wise guys. He was busy unloading, and said: "Oh, they won't bother us. That fellow was not even allowed to run half an hour."

HI SERVICE CLUB ELECTS NEW MEMBERS

The Nevada City High School Service Club, with Phil Joyal, presiding held its regular meeting on Wednesday, October 21, 1936 and elected some new members into the organization. The new members elected were: Reggie Kennedy, Wyle King, Ben Tamblyn and Ernest Young.

HEARING FOR ALLEGED CATTLE THIEVES TODAY

In one of the first cattle theft charges to be brought into local courts in many years, Jack Dyer, of Gold Flat section, is in the county jail facing charges of grand theft, and with his brother Earl will be charged with the same crime.

The young men are charged with stealing a five months old heifer from Chester Doolittle also of Gold Flat. A hide, identified by Doolittle as that of his missing calf, was dug up Wednesday by Deputy Sheriffs Carl T. Larson and W. D. Woods on the old Sharp ranch near the Gracey mine.

Jack Dyer was arraigned on the charge before Judge W. L. Mobley yesterday. Dyer's preliminary examination was set for today at 2 o'clock.

County Payroll Is $387,980 Monthly

Mining operations in Nevada County are again at a new peak, above any record in the last dozen years, at least. A survey of the many mines now active, reveals a total of 2,772 miners now employed in the county with a payroll of $387,980.

Five properties which have resumed operations during the month. These are City Belle, Morning Star, Maben Hill, which has been taken over by the same company that operates the Sunrise Mine, the Mt. View, and the big gravel holding at San Juan, known as the Ridge, Mines.

In another column the story of the completion in the Lava Cap of the tunnel, which was holed through several days ago, between the Banner and Central mines. This is expected to prove a great saving in hauling Banner ores to the Central mill underground. It will prove especially economical during the winter snows. Ten more men have been added to the Lava Cap payroll.

The Ridge Mines employs eight men in clearing ditches and repair work in preparation for the development of something like 1000 acres of gravel soon as the Narrows dam is built. This is perhaps the most significant development in gravel operations in the county.

The following reports have been received from various operating mines:

CITY BELLE

James T. Allen has made rapid time in getting the City Belle property, in Nevada City, in shape for development. The hoist house had been completed and necessary machinery installed. The shaft is down about 25 feet and it is being timbered as sinking progresses.

MORNING STAR PROPERTY

Messrs. Gooch and Jackson are operating the Morning Star mine at Tyler. Ore is being mined to ship to a mill for reduction. This is a new property and its progress will be watched with interest, as it is located in one of the rich early day mining camps of Nevada county.

SNEATH AND CLAY

A group of leasors are drifting on ledge matter at the 400 foot level in the Sneath and Clay property on Gold Flat. C. C. VanLobenSels, purchased the property from Dr. A. H. Tickel in recent months.

DAISY BLUE PROPERTY

A hundred foot shaft has been sunk on the ledge at the Daisy Blue mine, or Marks property northwest of Nevada City. The sump has been cut and the men are getting ready to cut a station to start drifting. Messrs. Muscardini and Marks are operating the property.

Tugwell The Communist

The punitive tax on corporation surplus earnings comes from the communist wing of the New Deal. It was proposed by Rex Tugwell in 1933 in his book "Industrial Discipline" published just after his adoption by Roosevelt. In that book Tugwell strongly advocates the communistic control of industry and business as follows:

Allocation of capital investment by the federal government—which means that the government shall decide in what industries capital may be invested and how much.

That being done, corporate surpluses would be driven into the open market by punitive taxation.

Then the government would supervise investment of such funds by federal control through federal incorporation, which would be withdrawn from the states altogether, to quote Tugwell's exact words, "some subterfuge might need to be employed; the flow of new capital into different uses would need to be supervised; prices would have to be controlled."

The resentment by the public against Tugwell and his communistic aims has driven him into retirement, during the campaign, but this retirement is only physical. His influence with and control of many New Deal policies is still apparent.

Taxes Precede Payrolls

Taxes are high, reflected in the cost of the necessities of life and they will rise until the Federal budget is balanced.

Taxes come before pay rolls and they must be paid before wages. And if taxes continue to rise business may have to cut pay rolls or quit probably the latter for labor will not take a cut. The remedy is reduced government spending and lower taxes.

ELKS OPEN NEW BOWLING SERIES

The Nevada City Lodge of Elks have opened the first bowling tournament of the fall and winter season on the recently improved Elks alleys. Improvements were made on the alleys this summer in order to have first rate alleys for the players beginning the tournament tonight.

On Monday and Tuesday nights the Hoge, Curnow, Richards and Tamblyn teams played: Following is the line-up:

Hoge team—Hoge, A., 155; Hieronimus, C. 130; Brown, C. O. 125; Solaro, Jas., 140; Pierce, R. 120. Total, 670.

Curnow team—Curnow, H. 150; Scheck, F. 135; Kopp, K. 100; Reed, W. W. 160; Ebaugh, G. 125. Total, 670.

Richards team—Richards, Dave, 145; Durbin, E. 130; Skeahan, H. 135; Bigelow, R. 130; Fowler, F., 130. Total 670.

Tamblyn team—Tamblyn, W. 155; Penrose, H. 125; Sbaffi, John 125; Randall, H. 145; Johnson, Leonard 120. Total, 670.

KIRSTEN FLAGSTAD AT MEMORIAL AUDITORIUM

Northern Californians have but one opportunity to hear Kirsten Flagstad, Norwegian leading soprano of the Metropolitan opera, this season. Mme Flagstad will sing November 4 in Memorial auditorium, Sacramento.

Seats for operas in which Mme. Flagstad will sing in San Francisco this season, have been entirely sold out.

Mail orders and reservations for this Sacramento Music Series concert are being taken now at Ye Music Shoppe, Sacramento.

FOREST HEADS IMPRESSED BY NEW BUILDING SITE

Mr. Groben, consulting architect for the Forest Service from Washington, D. C., inspected the proposed building plans of the new Tahoe Forest Service headquarters recently. With him was Mr. J. E. Ervine who is in charge of the building construction for te California Region of Forest Service. They were much impressed with the site for the building, which is next to the Alpha Hardware.

William P. Lee, staff engineer of the Tahoe Forest is in San Francisco this week assisting in designing the new headquarters office.

MISTLETOE MINE

Several tons of picked rock were trucked from the Mistletoe property west of Grass Valley to Selbys. The shaft is down 180 feet. L. B. Roberts is in charge.

County Clerk, Nevada County, California.

POULTRYMEN OF CALIF. HARD HIT BY CHINESE EGGS

SAN FRANCISCO, Oct. 22.—Because of New Deal policies of foreign trade, 5,000 members of the Poultry Producers of Central California are being subjected to destructive competition from Chinese poultrymen, declared A. E. Keltner, poultryman, R .F. D. No. 4, Sebastopol.

Recent Federal figures discloses that this country imported from China during the past year a quantity of eggs just about equalizing the entire egg production of the members of the Poultry Producers of Central California. These competitive eggs take the business away from the poultrymen of Petaluma, Sacramento, Santa Cruz, Hayward, Modesto and other egg producing areas.

"These Chinese eggs," Keltner said, "represent the production of thousands of Chinese families who are given preference over five thousand American families. Chinese eggs moreover, eliminate the employment of at least 1000 men now employed by California poultrymen. It is a clear case of favoring the foreign farmer over the American farmer."

Similiarly, preference shown to the Chinese producers over the American poultrymen means the elimination of a lucrative business in box shook, transportation, hardware, feed and other lines of business. This importation of Chinese products affects various branches of industry.

PAST PRESIDENTS OF NATIVE SONS MEET

The sixteenth annual conference of the Past Presidents' Assemblies of the Native Sons of the Golden West was held Saturday afternoon. Governor General R. L. P. Bigelow of this city presided. The fifty who represented their assemblies discussed topics of importance to the state assemblies, the selection of Sacramento as the city for the 1937 conference, and the election of the following officers:

R. L. P. Bigelow, Nevada City, Junior past Governor General; A. N. Katzenstein, Sacramento, governor general; M. O. Peterson, Oakland, Lieut-Gov. General. James F. Stanley, San Francisco, Director General; John T. Regan, San Francisco, Secretary-treasurer; Frank Boyles, Oroville, Marshal General; Walter E. Hiskey, Santa Anna, Guard General; John L. Sterlinl, Fruitvale, Sentinel; General; Donald E. VanLuven, San Bernardino, Joseph Tracey, San Francisco and Peter Daley, Marysville, Trustees-General; Al Weber, Oakland, organist.

Past presidents Leo. C. Youngsworth of Los Angeles Parlor No. 9 and Vern Gleason and John W. O'Neill of Hydraulic Parlor received the obligations of the order. An impressive memorial tribute was delivered by Leo. C. Youngsworth of Los Angeles in memory of members who had passed away during the year.

WOMEN WORKING FOR ELECTION OF LANDON, KNOX

B. A. Cassidy, Republican Campaign Manager for the Second Congressional District, continues his work in the district the past week and returned with predictions of the success of the party at the November election. Mr. Cassidy is specially impressed with the work the women are doing in canvassing the precincts, distributing campaign material and forceful arguments as the occasion arises. They have been advertising the radio hour for women at 1:30 p. m. and the William Hard hour at 8 in the evening. Those two broadcasts, says Mr. Cassidy, are especially effective upon the Republicans who voted for Roosevelt in 1932.

The Mother Lode miners reports, Mr. Cassidy, are more than satisfied with Landon's gold standard policy and prefer it to the Democratic policy which is subject to immediate amendment at the whim of the President, as permitted by the present Democratic law, without the consent of Congress. The latter policy introduces the element of continued uncertainty as to the future price of gold and the miners don't like it.

Mr. Cassidy, has also discovered in his trips around the district, that the women especially resent the current high prices of supplies, due to the heavy taxes necessary to attempt to raise sufficient money to attempt to raise sufficient money to meet the present high cost of government. Under such conditions too the cost of mining operations keep rising, lessening the possibility of a raise in the miner's wage. The miners, says Mr. Cassidy, seem to be predominantly for Landon.

IT CAN'T HAPPEN HERE, COMING TO COLUMBIA STAGE

Tuesday night, October 27, will see the most ambitious effort of the Federal Theatre Project since its formation when the curtain goes up on "It Can't Happen Here." W. E. Watts, director, gives every assurance of a finished dramatic production. The book, by Sinclair Lewis, has attracted more attention than any other in a generation. The dramatization of the novel is by Mr. Lewis himself in collaboration with J. C. Moffitt, ace writer of the Paramount Studios. All of this goes to make a set up that should make theatre history according to local followers of the drama.

For ten days reservations have been flowing into the Columbia box office in a steady stream. This is indicative of the interest in the play as well as assuring success when the project has a smart modern play to offer.

Watts is elated with the cast and it's response to his direction. In it are such well known players as Will Vedder, Ruth Saville, Edwin MacDonald, Whitmore Waldegre, John Grover, Helen Cross, David Cole, Richard Allen, Rupert Drumm, Benjamin Legere, John Cluxton and Bert Searls. The cast numbers eighty. There are three acts and thirteen scenes.

The play presents a picture of the United States in the grip of a Fascist dictator.

Jim Stephens, Pete Orzalli, Melo Ungaro, John Marks, Bill Kensinger and George Falmbigl composed a hunting party that went into Plumas county last week. They returned home Friday and report fair luck in bringing home deer.

From the Cradle to the Grave

JURORS SUMMONED FOR VAN KOOLWYK TRIAL

Jurors were summoned yesterday to appear in the justice court in the court house to try the case of Nevada City vs. Van Koolwyk and Grant, Tuesday, October 27. Chief of Police Garfield Robson closed their place of business in Nevada City several days ago when it is alleged gambling was going on contrary to state laws. At their preliminary hearing the defendants asked for a jury trial.

JUSTICE OF PEACE IN COURT HOUSE OFFICE

Justice of the Peace Walter L. Mobley packed the furnishings in his office on Pine street Tuesday forenoon and moved to the room formerly occupied by the supervisors in the court house. This will be his permanent location.

EYE IS INJURED

Confined to the Jones Memorial Hospital for an indefinite time with a painful eye injury, Clarence E. Martz was felt to be assured of retaining his sight of the injured eye. Young Martz was injured by a flying stick of wood that was loosened as he was driving a wedge into wood while at work at the Gracey mine, south of Nevada City. Dr. W. W. Reed brought the injured man to Nevada City and after treating him sent Martz to a specialist in Auburn.

CIVIC CLUB TO PRESENT "THE DOVER ROAD"

On November 17 the Nevada Theatre will see a production of A. A. Milne's witty and farcical "The Dever Road." The play will be presented by the Women's Civic Improvement Club of Nevada City and will be directed by Miss Lois Shaw whose fine work with children is well known. The play is set in an old English country house and concerns the efforts of the gentleman owner of the house to prove that all marriages can be made happy. The remarkably intricate and humorous turns of the plot are furnished by eloping couples who learn better and who return to their rightful husbands and wives while they are enjoying the hospitality of the country gentleman as his especially invited guests. But the cleverly planned machinations of the host go astray in some respects and a smashing surprise ending closes the third and last act.

The following cast was selected at a tryout held at the Brand Studio last Tuesday evening: Nancy Jones, Betty Bettles, Sue Merriam, Madeline Himes, Beverly Barron, Myers Mobley, Dick Parsons, Sven Doif, Robert Polglase and Elbridge Skeahan.

The Woman's Civic Improvement Club will use the proceeds from the play in various betterment and improvement plans for the city.

FORMER RESIDENT DEAD

James Buckett, 78, prominent resident of Grass Valley and former Sonoma county chicken raiser, died in Petaluma Monday. Buckett's wife was killed in an auto accident near Davis in 1931. Buckett was seriously injured in the crash. The funeral was held at the Jefford Funeral Home in Grass Valley at 2 o'clock Wednesday afternoon.

DUCK SEASON OPENS NOV. 1

A. H. Willard, captain of the fish and game commission, states the duck and goose season opens November 30 The regulations are ducks 10 per day; geese, four per day; Jacksnipe, 15 per day; mud hens, 15 per day, and in possession.

FRANK GREAVES WILL BE CIVIC CLUB SPEAKER

Frank Graves, attorney of Yuba City, will address the Woman's Civic Club next Monday evening on the initiative measues which will appear on the ballot November 3. The meetings will be a program meeting and Mrs. Leete, the president, urges that all members attend. Members who have friends who would like to hear the measures discussed are invited to bring them. A short business meeting will precede the program.

FOUR THOUSAND AT GREAT SCOUT CAMPORAL

The largest and most successful camporal ever held in Region 12 was held Oct. 16-17 at the State Fair grounds in Sacramento and was attended by 84 scouts and scouters of Tahoe Area. Special church services were held in separate places for different denominations.

A very colorful action picture was presented by over 4000 scouts who camped in the inside of the race track and demonstrated camping, cooking, handicraft and citizenship.

The patrol units were assigned 30x30 camping areas alongside patrols from other councils to encourage contact and friendship with the scouts of other communities. At 9 a. m. Saturday tents began to be erected and nearly all of the better than 400 patrols were present by noon.

At the conclusion of the closing ceremony at 1:10 p. m. Sunday, word was given over the field microphone to break camp and fifteen minutes later patrols started leaving for home. The program of the camporal moved smoothly according to schedule. Twenty two hundred were transported to and from the capital by 4 special trains. This was the fourth annual camporal conducted in this part of the state.

If all the farms in the United States were sold at New Deal values and the proceeds applied to the present national debt, we still would have a debt of three thousand million dollars.

ADVERTISING PAYS SAY NEVADA CITY MERCHANTS

(Continued from Page One)

have our name and that of our predecessors in their archives, now yellow with age. Consistently adhering to the policy of telling the people of Nevada County about our merchandise, and our services has without doubt helped to build Alpha Stores, Ltd."

JOHN DARKE — As a business man of Nevada City I have carried advertisements on upholstering, carpet and linoleum laying for many years. Along with good materials and workmanship regular advertising has brought excellent results.

HAL DRAPER—When asked regarding value of advertising in building up his business, stated it has paid well. He found personal mention to be of great value. The advertising of the Complete Mine Service Bureau has also brought many inquiries here in regards to mine properties.

FRED E. CONNER—"First of all I am sold on advertising, positively so! I have found in regular advertising over a period of years that it is consistency that counts."

NATIONAL HOTEL — "It has been found that regular advertising and mention through the news columns of the local newspaper, helps our business steadily. As an up-to-date hotel the management strongly believes in advertising."

HARRIS DRUG STORE — "This company has carried advertising in the Nevada City Nugget ever since it started. It finds that consistent advertising pays."

JOE WILHOITE — Consistent newspaper advertising, a sure and steady business builder for Safeway Stores.

FORMER WIFE VISITS ACCUSED SLAYER IN JAIL

Lawrence L. Johnson, who is charged with the murder of his wife Mary E. Johnson at Rough and Ready October 7 was visited Wednesday afternoon by Mrs. Ruby Johnson, his former wife and mother of their seventeen year old boy. Although Mrs. Johnson at first doubted that the prisoner would want to see her, Johnson sent word that he wanted a visit with her. They had a friendly hour's talk in Sheriff Tobiassen's office. Mrs. Johnson is living in Sacramento.

REPUBLICANS TO GIVE TOWNSEND FAIR HEARING

The Republicans are thoroughly organized in Nevada City and making a drive throughout the county to bring out the vote. At a recent rally Attorney James Snell spoke briefly in an answer to the Roosevelt Omaha speech and criticized the President's production curtailment program of the AAA as wasteful and a crime in the face of the food shortage suffered by the needy during the depression. Snell hit the floating of enormous amounts of Federal bonds as lowering the interest paid to people with savings accounts and working a hardship upon the thrifty.

Next speaker was Arthur M. Free, a former member of the House of Representatives, from Santa Clara county. Free said he saw bright hope for the Republican cause in the Literary Digest Poll, with its lead for Landon and Knox, and in California he expressed encouragement about the resolution to give Townsend fair hearing and promise to put through some type of old age "pay-as-you-go" legislation that was passed recently by the California Republican Committee.

Free declared that he believes that the continuation of our constitdtional government is at stake in this election and that the dictator-like character of the present federal government has uncomfortable likenesses to Russian methods.

Nomination promises that Roosevelt broke, according to Free, include taking the United States off the gold standard and repudiating all gold contracts and the addition of 50 bureaus and 500 commissions after Rooseveltian nomination pledges of elimination of needless jobs and curtailment of expenditures. Under the New Deal there has been progressive increase in the total expenditures. 1936 records an increase of 72 per cent in expenditures.

Free had high praise for Congressman Harry Englebrigt. He spoke of his ability and of his climb in Washington to position of "whip" of the House. Besides the prestige that naturally accrues to Congressman Englebright in this position it puts him in line for the powerful speakership of the House.

NEVADA CITY TO BATTLE SAN JUAN

The local football team will leave Nevada City today at 1:30 p. m. to engage the San Juan high school squad at the San Juan field. Although the Nevada boys took a beating at the hands of the Grant Union players last week, they have taken heed of their weak spots and a few changes will probably be made in the line. The left guard position which was so weak last week in the game will probably be played by Clark. Widauf and Bonner will make a good pair of ends. The tackles will be Perez and either Bennett or Rickard at the other. It is doubtful as to whom will play at the center position and the right guard position is as yet unfilled.

Harding will probably start at quarter. Joyal at fullback. Jones who has played every position on the team except center will start at left half and Burgan at right half. Cartoscelli has not as yet shown up to Coach Barrons hopes when he first laid eyes on him in practice this fall. He does not take advantage of his weight and does not seem to bucy the line as hard as is possible. However, he still has three more years.

CAMPTONVILLE DANCE SWIM POOL BENEFIT

CAMPTONVILLE, Oct. 22.—Preparations are completed for the big benefit dance which is to be held here Saturday, October 24, for the benefit of the community swimming pool. This dance was to have been held over a month ago, but due to an epidemic prior to that date, it was postponed until this month. A snappy dance orchestra from Nevada City has been obtained and a general good time is guaranteed everyone. A fine supper will be served at midnight.

The proceeds from the dance and supper will go to the fund of the local community swimming pool, which is to be built by the WPA, the public of the community furnishing half of the material.

Subscribe for The Nugget

BABY FOOTPRINT RECALLS EARLIER DAY

While walking in front of the old Variety Store, or Englebright building on Commercial street Wednesday, Jack Nivens of this city stopped a second and brushed some trash from the pavement, uncovering a child's footprint in the cement. The first cement laid in Nevada City was on Commercial street, then the business district. Amiel Rosenthal, in the bakery across the street carried little Josie Durst, about two years old, over and made the print in the wet cement. The little girl grew up, married and today is a grandmother.

LEAGUE OFFICER PASSES

Fred Juliff, treasurer of the Miner Workers Protective League, died in Grass Valley Sunday night. The funeral was held Tuesday afternoon from the W. R. Jefford and Son Funeral chapel in Grass Valley, Juliff had many friends and relatives in this area.

WE point with PRIDE

Look at our record, ladies and gentlemen! We've made a balanced budget possible for countless families. We've given relief to thousands, relief from first-of-the-month bills. "Down with the high cost of living" has been our motto, our pledge, our achievement!

THE NARROW GAUGE 'CIRCLED THE GLOBE' AS SAILING SHIPS REEFED SAIL 'ROUND THE HORN!

In its 60 years of service to the cities of Grass Valley and Nevada City the Nevada County Narrow Gauge Railroad looks back pjon a record of 1,808,940 travel miles! That's 72 times around the world!

Because we think it interesting, and because we believe it a forceful means of carrying home a message of actual operation of your railroad has piled up the staggering aggregate of 72 round trips — line covers 20.65 miles. On an average of two round trips daily (and many days it is more) the travel is 82.60 miles a day. There are no holidays in railroad life—it goes on for 365 days in the year — or a total of 30,149 miles (that's a round trip of the world with over 5,000 miles to spare!) In 60 years of fair-weather-and-foul travel your railroad has piled up the staggering aggregate of 72 round trips of the world!

These figures we believe to be conservative, for they are based upon a daily average of travel.

While mythical trips "round the globe" were being made, the Nevada County Narrow Gauge Railroad accomodated hundreds of thousands of passengers, delivered millions of pounds of freight, paid nobly in wages and salaries to home employees, drew consistently upon its treasury for the payment of city, county, state and federal taxes, and earned for itself a proper niche in the business and service life of the two cities it chose to serve.

FOREST FIRES OUT BEFORE RAIN STORM BEGINS

Ranger Frank McCaslan of the North Bloomfield area, states the fires at Alleghany which he had charge of burned over about 2200 acres. The surface equipment at the Irelan mine was completely destroyed and several small cabins were destroyed. At one cabin an old man lost all he had except the clothes on his back. He went back Monday to pan ashes for some gold dust he lost. Undoubtedly many game birds and animals were destroyed.

Mr. McCaslan stated an interesting feature was that a part of the fire line used in 1924 was used again in this fire. About 200 CCC men, and miners from the 16-to-1 and Kenton mines who were called on to fight the blaze, were on the fire lines.

RUTH COMFORT MITCHELL WILL SPEAK SUNDAY

Ruth Comfort Mitchell, the well known authoress is to be entertained at a tea given in her honor by Mrs. Van Court Warren on Sunday, October 25 at 3 p. m. The noted writer is the wife of Sanborn Young of San Jose, member of the state legislature.

The Youngs and Warrens are friends of long standing and the Warrens recent newcomers to Auburn, are taking advantage of their friends' visit to present them to the people of Auburn and of the adjacent district, all of whom are invited to be present. On their visit to Auburn they will be accompanied by ex-Congressman Free of San Jose.

The Warrens upon taking up their residence in Auburn, purchased the Birdsall place on Aeolia Heights and on this occasion they are holding open house for all who desire to meet in person Ruth Comfort Mitchell and the other guests. The authoress and Mr. Free will each give a brief talk on political problems of the hour.

SETS RAT TRAP BUT CATCHES A POLECAT

CAMPTONVILLE, Oct. 21.—John Kraig, the old gentleman who lives in a cabin on Oregon Creek, near the Pike City bridge, thought he heard a rat in his cabin a few nights ago. He endeavored to investigate but by the time he procured a light the animal was out of sight. Thinking he could outwit the rat, he set a large rat trap, and went back to bed. In a short time he heard the trap spring, and when he lit a light he saw the animal and trap trying to disappear out an opening, and not wanting it to get away, he let go with a broom, but the animal proved to be a very healthy skunk. The application of the broom could not sweep the odor away. As a result John had to give his cabin several days airing.

Mrs. Frank Hutton and Mrs. Robert Gillespie were honored with a surprise shower at the home of Mrs. Ruby McClain by a group of friends Friday afternoon. Several hours were spent in playing games, after which dainty refreshments were served.

STATE OF CALIFORNIA, DEPARTMENT OF PUBLIC WORKS, DIVISION OF WATER RESOURCES, SACRAMENTO.

NOTICE OF APPLICATION TO APPROPRIATE WATER APPLICATION 8763

NOTICE IS HEREBY GIVEN, That El Oro Mining Co., Room 226, 68 Post Street, San Francisco, California has under the date of August 14, 1936 applied to the Division of Water Resources, Department of Public Works, State of California, for a permit to appropriate UNAPPROPRIATED water, subject to existing rights.

DESCRIPTION OF PROJECT

Water to be appropriated from South Fork of Steep Hollow Creek, County of Nevada.

Amount applied for: 12.5 cubic feet per second.

Diversion season named: January 1st to December 31st of each season.

Water to be used for mining and domestic purposes.

Point of diversion within Lot 4 of Section 4, T 16 N, R 11 E, M. D. B. & M.

Place of use described: Within SW¼ of SW¼ of Section 13 and SE¼ of SE¼ of Section 14, T. 16 N, R 10 E, M. D. B. & M.

Water will be returned to Steep Hollow Creek in NE¼ of SW¼ of Section 14, T 16 N, R 10 E, M. D. B. & M.

RELATIVE TO PROTESTS

Blanks upon which to submit protests will be supplied free upon request by the Division of Water Resources.

Any person desiring to protest against the granting of such permit shall within Sixty days from date hereof file with the Division of Water Resources, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the application and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of protestant's land or place of use and point of diversion of the water.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

EDWARD HYATT,
State Engineer.

Dated: Sacramento, California, September 28, 1936.
Oct. 9, 16, 23, 30.

KATHLEEN NORRIS HITS CHAIN STORE TAX

PALO ALTO, Oct. 22.—Kathleen Norris, internationally famous novelist, today urged her neighbors and fellow Californians to vote "No" on the proposed chain store tax (Proposition No. 22) on the November ballot.

In a statewide radio broadcast, Mrs. Norris, reputedly an authority on home economics and the problems of family life, said:

"Knowing what an increase in the cost of living means to hundreds of thousands of fellow citizens, I must vigorously oppose a measure (Proposition No. 22) that places additional taxes on the necessities of life.

"Some of us have been fortunate enough not to suffer from hunger or from lack of clothing. I feel that places all the more obligation upon us to see that life is made a little easier, if possible, for our neighbors. I am glad that the people of California had the wisdom to remove the sales tax from food. I cannot even entertain the thought of putting a tax back on food by a special tax on the stores that sell food.

"I have looked into Proposition No. 22 far enough to discover what it means to the consumer. There is a small neighborhood store selling food to customers who all live within walking distance. The customers pay cash and carry home their supplies. That store can operate on a very small margin of profit. Its annual profits are less than $500. Proposition No. 22 proposes that that store shall pay a special tax of $500.

"Certainly the arithmetic that is used by any housewife will show that this store must collect $500 from its customers or go out of business because it is unprofitable. The consumers campaign is explained by the slogan "Vote No on 22, it is a tax on you!"

NEVADA PROPERTY

The Nevada Property, east of the Gracey mine is being developed by Superintendent George R. Carter, former Nevada county sheriff. It is owned by Mrs. Thomas Nolan of Grass Valley.

Four men are cross cutting in granite diorite back into a ridge of slate which starts at Banner Mountain and surrounds Nevada City. It is stated geologically this is one of the most important developments being carried out in the Nevada City Grass Valley area. The Lava Cap property is on one side of the slate formation and when the other or almost unknown area is opened up it may mean an entirely new field. The rock is very hard and in former years it cost $14 a foot by hand drilling methods. It now takes 130 pieces of steel to break one round.

NOTICE OF ELECTION

Friday, October 2nd, 1936.

The regular monthly meeting of the Board of Directors of BLACK ROCK PLACER MINING DISTRICT was held at the office of the President, W. H. Taylor, 945 Russ Building, San Francisco, California, at 11:00 A. M. Friday, October 2nd, 1936;

Present: W. H. Taylor, Albert Lachman, George Munger.

Absent: Arthur W. Hoge, C. E. Clark.

The following resolutions were introduced by Albert Lachman, seconded by George Munger, and unanimously adopted:

RESOLVED, That in conformity with Section 50, Placer Mining District Act, the Black Rock Placer Mining District is established as one election precinct, the boundaries thereof to be those of the Black Rock Placer Mining District as described in the Resolution of the Board of Supervisors, Nevada County, dated May 9, 1934;

RESOLVED, That the house of Claude Clark, Nevada County, is hereby designated as the polling place of the election precinct of Black Rock Placer Mining District;

RESOLVED, That W. H. Taylor be appointed Inspector, and Arthur W. Hoge and George Munger, Judges for this election;

RESOLVED, that the election shall be held on Tuesday, November 3, 1936, that the polls shall be open from 9:00 A. M. to 12:00 noon for the purpose of electing three directors for the term of four years and one director for the term of two years;

RESOLVED, That the voting shall be by secret, written ballot, said ballots to be of the following form:

BALLOT

The regular general election ballot to be used, showing names of directors to be voted for and providing blank spaces for names to be written in;

RESOLVED, That the Nevada City Nugget is a newspaper of general circulation, published and circulated in Nevada County. The Secretary of this Board shall cause to be published therein one notice of this election.

There being no further business to come before the meeting, on motion of Director Lachman, seconded by Director Munger, the same was adjourned.

ALBERT LACHMAN,
Acting Secretary.

Oct. 2, 16, 23.

LIVE YANKEE PROPERTY

A Parker Denver compressor has been installed at the Live Yankee property and the electric line completed to the property. Water pipe is being put in and a change room is completed. Construction of the office is under way. The 75 ton ore bin is finished and the shaft cleaned to the 65 foot level.

ORO FINE MINE

Sinking is progressing in the shaft at the Oro Fino mine south of Grass Valley. The company is putting in a whole new surface plant, installing a new, immense, Ingersol electrically driven compressor. The hoist house and blacksmith shop are completed. Bert Grase is interested in the property.

GOOD SERVICE COSTS NO MORE

A modern establishment—a trained, intelligent and courteous personnel—distinctive motor equipment and other evidences of progress and prosperity are NOT an indication that funeral service charges will be high. A successful concern can be built only by serving honestly and well, at prices that are fair and reasonable.

HILLS FLAT

Hills Flat Is Young Growing Thriving City

Something has happened to make those of us who travel frequently the familiar stretch between the "Twin Cities" pay more than the usual perfunctory attention to the landscape. Along the edges of the Nevada City-Grass Valley highway Hills Flat has sprung into a separate and very positive entity. Just count the number of firms and businesses that line the road and take a look at the thriving activity of the place if you have not realized that there is a new arrival on your doorstep. When you drive through Hills Flat again remember that you are seeing a young city whose early outlines you will want to remember and to tell about in the future when you are reminiscing about "way back when." We are proud of our past history of this country and have a right to be but preoccupation with the past has not made us unconscious that the country's development now will be prominent in history of a later time.

Sometimes it takes nothing less than a flat tire or a gas tank that goes empty unexpectedly to make us stop and visit a community that we do not know or whose presence we have not realized fully. But it would be more gracious for us to make an acquaintance with this young Hills Flat neighbor more auspiciously. Have you ever priced the flowers at Foote's? Have the blindings sheets of light that emanate from the Ace Welding and Sheet Metal Products attracted your attention. Of course you know Helbach's Ford Sales and Service and used car emporium. And the pleasant host of the Spanish Inn is an old friend of yours.

Leahy's Liquor Store is a good place to go these nippy mornings—or evenings, if you prefer your cheer then. A rabbit stew is too often a thing that is just talked about. It might be well to give your friends a real stew and let them decide for themselves. Hills Flat Poultry has the rabbits and chickens at reasonable prices, too. They have lots of "Pubs" in England, some very famous ones, too, but the best known one in this vicinity is the "Palace Pub" in Hills Flat. A comfortable atmosphere that draws many friends and good American drinks are characteristic of the "Pub". Two competent hostesses, good sandwiches, mixed drinks and a closing hour of 2 A. M. makes Smiles' Lunch a good place to go.

Mr. Ford is proud of his new stock of wallpapers and is ready to help anyone who wants to brighten and modernize a room or a whole house. The Ford Glass Company takes a special interest in new styles of renovating wallpaper. The barbers at Hills Flat Barber Shop are reticent about telling what they can do but prefer to do their telling by doing.

Used car parts of every description is a specialty of Dunn's Auto Wrecking and you can find just about anything you are looking for there. The young boys who like to build their own cars might do well to try Dunn's for their needs.

And for an example of actual growing in Hills Flat there is Miller's Exchange which is now being enlarged. Mr. Miller, who has served people in this vicinity for 14 eyars, is busily getting ready his new, permanent location in Hills Flat.

Subscribe for The Nugget.

The Nevada Irrigation District recently gave to the Hills Flat Lumber Company one of the largest orders for lumber that the county has seen this year. Local labor and raw products were benefitted exclusively by this unusually large order because the Hills Flat Lumber Company has always purchased its needs locally whenever this has been possible. This policy of the company has been formulated largely with respect to its interest in the future growth of Hills Flat.

FAITHFUL CREW RESCUES $25,000 AIR COMPRESSOR

Edward E. Collins, president of the Irelan mine company at Alleghany states the $25,000 compressor was saved at the Irelan mine when a forest fire destroyed the entire surface plant and cookhouse at the mine ten days ago. The loss is estimated at $60,000. The miners who helped to save the compressor had their garments burned from their backs and the flames swept over the property so rapidly cars and the trucks were lost.

Mr. Collins went to San Francisco and bought new suits and outfits for the several men who worked so faithfully to save the compressor.

Mining was resumed yesterday and materials were ordered at once to rebuild the surface plant.

After three and a half years of drilling a five foot ledge carrying, it is reported, $200 per ton ore, was struck about two weeks ago. The tunnel is in 1100 feet and 600 feet deeper than the old workings giving him 600 feet of backs to mine.

The mine has a splendid past production record. It was opened by Mr. Irelan, former state mineralogist, years ago. He took $300,000 off the top of the vein Collins states. The Irelan mine is on the vein with the Sixteen-to-One and Tightner mines.

(Continued from Page One)

COUNTY PAYROLL

RESUMING AFTER 30 YEARS

J. L. Sale of San Francisco has taken over land and mineral rights on the Orzalli and Augustini property in the Chicago Park district. There is a drift in the mountain near the junction of Greenhorn creek and Bear river which was driven about 30 years ago for about 600 feet. It was run to cut a ledge but was never finished. The drift is being re-timbered and rails are being laid. All preparations are being made to cut the ledge. The work is in charge of George A. Shebley. If the ledge carries values in paying quantity it is the intention of Mr. Sale to erect a mill and other necessary equipment. This will mean a great deal for the Chicago Park area.

LAVA CAP MINE

The 7,000 foot long Banner tunnel at the Lava Cap mine was holed through to connect with the Central shaft about ten days ago. Crews ave been at work for many months and the work was done about three weeks ahead of the estimated time. When installation of necessary equipment is completed this tunnel will do away with trucking ore from the Banner shaft to the mill at the Central. The company purchased two locomotives and string of ore cars that will run over a track in the tunnel which is several hundred feet bellow the surpace. Sinking an additional 300 feet started in the Central mine October first. The 300 ton capacity mill is daily treating 300 tons of ore. The company now employs 260 men and an additional change house is being built to care for the men. Otto E. Schiffner is superintendent.

REMINGTON HILL MINE

A. W. Bierwagen of Nevada City, foreman of the Skeahan mine of the Waring and Engineering company, has also been made superintendent of the Remington Hill gravel mine east of Nevada City. Fifteen men are employed at the property, which it is reported has been brought into profitable production.

GOLDEN CENTER MINE

Several strong veins of ore have been uncovered in the western holdings of the Golden Center mine in Grass Valley. The main workings of the mine have reached an incline depth of 1,000 feet. The mill is operating steadily on ore averaging $10 to $12 per ton. L. S. Wincapaw is superintendent for the Cooley Butler interests.

MOUNTAIN VIEW MINE

J. F. White, superintendent of the Mt. View mine at Washington has seven men employed erecting buildings and making preparations for winter operations. All the equipment bought from the Eagle Bird mine has not been hauled to the property and this work is to be done shortly.

GERMAN BAR MINE

Several men have been added to the payroll at the German Bar mine near Orleans Flat near Nevada City, where an extensive development program is under way. Thomas Stephens, interested in the property, is directing operations.

MABEN HILL MINE

H. P. McCormack of Auburn took over the Maben Hill property several months ago and has installed a mill, compressor, and hoist. A drift is being driven north from the bottom of the 100 foot shaft.

NEW MONTE CRISTO

It is reported C. L. Best, operator of the Ruby mine, at Alleghany has taken over the new Monte Cristo property on Deadman's Flat near Grass Valley. It is stated the property was sold at auction recently when C. Merrick brought court action against the New Monte Cristo mining company.

DRAMA AT PEARDALE

A show of about six acts will be given Friday night, October 23 at a special meeting of members and invited guests at the Peardale Farm Center, under direction of Christian Anderson of Nevada City. Special speakers at the meeting will be Attorney James Snell of Grass Valley and Gene Desimone, Sacramento. Refreshments will be served. Mr. C. A. Hocking will preside.

BRUSH CREEK MINE

Considerable work has been done about the Brush Creek mine since taking it over several months ago from Mr. F. F. Cassidy of this city. A road is being built to the mine from Goodyears Bar.

ZEIBRIGHT MINE

The 500 ton mill is operating at capacity at the Zeibright mine east of Nevada City. The company employs 150 men.

GIANT KING MINE

A mine car and rails were trucked to the Giant King at Washington yesterday. Ore assays well and it has been found flotation process will aid in gold recovery. In earlier days the methods used only gave around $5 per ton recovery, the company barely breaking even or going behind from time to time until it closed.

CORE DRILL TO RENT

The Complete Mine Service Bureau of Nevada City has available a standard E-Core Sullivan drill for rental. The bureau also handles electric and air drills, hoists and scraping equipment. Their advertisement appears in this issue of the Nugget and the news should be of particular interest to small mine operators.

VALLEY GOLD MINES

Miners at the Valley Gold Mines broke through into old workings of the 2,200 foot tunnel, letting out 2,200 feet of water, stored in the tunnel and drifts. The men have been at this piece of work since Christmas. The torrent of water nearly washed away the blacksmith shop and did considerable damage to the road.

KENNEBEC MINE

Paine Bros. are continuing development at their Kennebec Cons. property near Lake City. A raise is being driven in the tunnel to come up under the ore body. Some open cut work is being done.

JIM MINE

The ball mill is operating at the Jim mine north of Washington. The ore yields well under the flotation process and the company is trucking concentrates to the Idaho-Maryland for reduction.

COURT HOUSE ADDITION

Concrete has been poured in the forms on the east wing of the Nevada County court house. A portion of the lumber has been removed from the cement. Steel reinforcement is being placed in the forms in the south addition to the court house. Carpenters are erecting the forms for the elevator, which will be over the front entrance to the immense structure.

Personal

Mrs. P. O. Strandberg of Grove street, who has been visiting in the bay district for the past three weeks is enjoying a delightful vacation. The real estate business is quite brisk in San Francisco and her son, Donald Strandberg, is kept quite busy with business transactions.

E. J. N. Ott attended the Mt. Ralston Fishing Club dinner in Sacramento last evening. His son, E. J. N. Ott, II, is an officer in the Mt. Ralston club.

Mr. and Mrs. Leland Smith, of this city have as a guest this week, Miss Rita Lauer of San Francisco.

Mr. and Mrs. Ben Bowman, former Nevada City residents, were calling on friends in this city early in the week. They purchased an auto camp at Alturas since leaving here and have had a successful season.

Mrs. Bess Niver of San Francisco is spending this week in Nevada City visiting Mr. and Mrs. Howard Burr.

Mrs. Dick Haddy left Tuesday to attend the funeral of her father in southern Oregon. He died in Bakersfield early in the week.

Will Hatch, miner was able to return home Wednesday from Jones Memorial hospital where he was taken following an injury to his leg when a timber fell on it.

Ernest Carnes, sign painter, of Nevada City, has moved into the shop on Commercial street vacated early this week by R. C. Rogers, cabinet maker, who moved to Reno.

Clyde Bennett and Williams Bros. are leasing part of the Thomas Diggings at Grass Valley. A washing plant that will handle about 50 yards per day has been installed.

Mr. and Mrs. Harry Cook of Merced are visiting Mrs. Cook's porents, Mr. and Mrs. Gomer Hopkins of Gold Flat. Mr. and Mrs. Cook have just completed a delightful tour of the southwestern United States.

Leonard Foote of Long street is recovering from a crushed foot in Jones Memorial hospital in Grass Valley. He suffered the injury at the Idaho-Maryland mine two weeks ago and it was feared for a time he would lose his foot.

SOCIAL EVENTS

Gold Flat Club Entertains Husbands

The Gold Flat Thursday Club of Gold Flat entertained their husbands with a Hallowe'en Party and dinner at Seaman's Lodge in Pioneer Park last evening. Special Hallowe'en decorations and favors made a cheery scene for the delightful affair. Mrs. Maude Clemo of Walrath avenue is president of the club.

Woman's Civic Club to Meet Monday Night

The Woman's Civic club will on Monday night to hear explanation of the measures which will appear on the ballot November 3. Frank Graves, well known attorney of Yuba City, will discuss the initiative proposals which the voters will be called upon to approve or disapprove. Members may invite friends interested in hearing this discussion to be present.

CAMP FIRE GIRLS TO RAISE OUTING FUND

The last meeting of Ahdenah Camp Fire Girls was a most successful one. Among questions for consideration it was decided to give a card party to start a fund to send the entire group of girls to Camp Pahatsi next summer. Ten were sent last year and it was found the girls not only enjoyed the vacation, but benefitted from association with the other Camp Fire groups. In addition to hiking, swimming and boating they are taught leather, metals and other crafts under the supervision of trained counselors.

To start this fund the girls are giving a card party in Odd Fellows hall Wednesday evening, October 28. There will be tables for bridge, whist and mah jongg. The girls urge the public to come and bring their friends and enjoy a pleasant evening and start the fund to make it possible for all the group to enjoy the privilege of attending camp next summer.

HISTORIC BUILDING UNDERGOES REPAIR

(By CATHERINE STEPHENS)

The Carveth Insurance Building, which is now being remodeled, was originally the Pioneer Harness Shop owned by William Holmes.

William Holmes was one of the oldest pioneers of this section. For over fifty years he was engaged in the harness business in this city. When over eighty three years of age deceased, he was still at the bench, working at this trade.

William Holmes came to California in 1853 by the Isthmus of Panama route. In the early days he followed teaming and hauling brick from Colfax for a number of buildings that are still standing in this city. Later he went into the harness business, first conducting a shop on Broad street. but later established himself in the building where he died, on the corner of Commercial and Coyote streets.

This building is one of few remaining historic buildings of the town ,and when it is remodeled, it will lose its significance. It now belongs to the Carveth Insurance company.

Some people think Federal funds come from some hidden source and do not cost the people anything. Every dime in the Treasury must come from the people.

Thru the Knot Hole

A Glimpse of Building Activity

Vol. 1. OCTOBER 23, 1936. No. 46.

Lower Broad street continues to show improvement in the building of new structures. The latest addition to be started is a new home for the Grass Valley Motor Company. The contractor on this reinforced concrete structure is Ralph Cochrane. The Motor company will move in as soon as the building is ready.

Lots of Murphy Varnish Company's paint being applied at the present time. Some going on the National Hotel, being applied by Painting Contractor R. W. Renfree and some on the Powell residence on Pine street being applied by Contractor Art Leighton.

The building of the Finance company at Commercial and Coyote streets is undergoing a complete face-lifting and interior change. Metal lath is being applied for the plaster. The ceiling will be of Celotex boards.

Two more Bestile jobs sold during the past week. This fine kitchen and bathroom wall finish is certainly gaining the favor of every housekeeper whose attention is brought to it. We have samples and can quote you costs at our office. Fix up that old bathroom.

This time of the year calls for thought about weather stripping your doors and windows. We have the famous Numetal weatherstrip for all kinds of wall openings and the felt type weatherstrip as well. Information at your request.

Scotch Gent: "My lad, are you to be my caddie?"

Caddie: "Yes sir."

Scotch Gent: "And how are you at finding lost balls?"

Caddie: "Very good sir."

Scotch Gent: "Well look around and find one so that we can start the game."
